

UNIVERSITY OF OTTAWA — ST. PAUL UNIVERSITY

Basis and Timing of Offers of Admission

Beginning in March 2007, the University will issue early conditional offers of admission for fall 2007 to highly qualified applicants. To be considered for admission, applicants must be registered in at least six eligible courses (4U or 4M) and have interim or final grades for at least two courses. Applicants must be registered in the prerequisite subjects for the program requested. The admission average is calculated on the basis of available grades for eligible courses and certain courses at the advanced level (levels three and four).

All other offers of admission will be sent to qualified applicants in May 2007. Admission averages will be calculated on the basis of the six best eligible course results (4U or 4M), including prerequisite subjects for the program requested. The evaluation of applications to limited enrolment programs or to programs with additional requirements (such as tests, portfolios, interviews, and so forth) will be completed at that time.

All offers of admission are conditional. In addition to successfully completing a minimum of six eligible courses (4U or 4M), including prerequisite subjects for the program requested, applicants must present proof of the Ontario Secondary School Diploma.
