

WILFRID LAURIER UNIVERSITY — BRANTFORD

Basis and Timing of Offers of Admission

Wilfrid Laurier University will begin to send out offers of admission to the highest qualified applicants beginning in January and continuing through May. Early conditional offers of admission are subject to applicants attaining specific prerequisite course requirement(s), completing OSSD requirements and meeting a specific minimum final average. The admission average is based on the best six 4U or 4M courses (or equivalent). Students should check the university admissions secondary school applicant page (www.wlu.ca/admissions/) for information and updates.

Repeated/Type of Courses: When an applicant has repeated a course, the highest grade will be used in calculating the student's average with no penalty. Courses taken at night school/summer school are considered equivalent to regular daytime courses.

One Offer of Admission: Laurier can issue only one offer of admission per student. Applicants should list their program choices in order of preference. Applicants will be sent information in January/February about how to submit additional information to support their application for admission.

Alternate Offers: Normally, applicants who do not receive an offer of admission for the program to which they applied will automatically be considered for admission to an alternate program, if space permits.

Residence: A residence application form is included in Laurier's New Student Welcome Book that will be mailed to applicants with their offer of admission. Residence is guaranteed to first-year secondary school students whose application form and deposit are received by the posted deadline.
