

YORK UNIVERSITY

Basis and Timing of Offers of Admission

York will begin assessing applicants and may make conditional offers of admission as applications are received. At all points in the process, applicants are encouraged to present as strong an academic profile as possible. York will consider 3U or 3M courses for initial admission purposes. Qualified applicants may be considered for alternate programs in cases where they do not meet the admission requirements of their original choice or where their original program choice has filled.

General Requirements: The OSSD and six 4U or 4M courses, including 4U English, all faculty- or program-specific prerequisites, and at least one 4U or 4M course from any ONE of the following disciplines: Canadian & World Studies; Classical Studies & International Languages; French; Math; Social Sciences and Humanities; or Native Studies are required for admission. Francophone applicants may present FRA4U, FEF4U or FIF4U.

Veillez noter : ENG4U est requis pour tous les étudiants du nouveau programme. Les étudiants qui fréquentent une école secondaire de langue française peuvent remplacer ENG4U par FRA4U, FEF4U ou FIF4U.
